Specialist Support

Owners of new Land Rovers are well provided for by Land Rover's growing dealer network. 90% of their needs are easily handled by their local Land Rover Center. However, there is the exceptional 10%. The Land Rover owner who lives off-pavement and whose daily drive or occupation or even favorite pastime requires a capable 4WD. Their Land Rover has become the base of such a vehicle that purposely equipped with the right accessories, will allow them mobility where others are incapable of traveling. For these Land Rover owners, equipping their Land Rover product with the necessary accessories and special equipment required to improve and protect their Land Rover can prove a great challenge.

Welcome to Rovers North...

Here at Rovers North we eat, sleep and breathe Land Rovers. We know what works and what doesn't. When you call Rovers North you are guaranteed to speak to a specialist trained in Land Rover products, not a "sales person". Our staff offers the largest pool of Land Rover information available in North America. This information base allows you to get answers to your toughest questions, as well as feel confident that you will get the right information and parts that you need.

Not only do we provide every imaginable Genuine Part for every conceivable Land Rover made, we also cater to the client who requires more from their Land Rover. From adventurers to relief agencies, owners who depend on their Land Rovers have relied on us for over 18 years to help properly equip their Land Rovers for the rigors of overland use.

Inside these pages you will find a plethora of accessories and equipment that we have found to out-perform and out-last all other brands. You are assured that these accessories have been put to the test under the most extreme conditions. Only equipment worthy of our off-road driving will be found in this catalog.

We invite you to call and experience our helpful knowledge and quality service.

ARB10HWK

Receiver Winch RNW010

What should I expect from a winch kit?

Rovers North's winch kits come completely assembled with all of the hardware and wiring you need.*

The components we have selected are not chosen because of the manufacturer's claims or ratings, but rather by their proven ability to withstand the rigors of continuous use under the toughest conditions.

* Low profile winch kits are complete, but require assembly.

RANGE ROVER CLASSIC

***ARB Bumper & Warn 10,000lb Winch Kit**

Deep Dish Alloy Wheels ANR3631MNH

PROTECTION BARS

The new, flexible alternative to a traditional steel brush bar. Molded from a resilient, CFC free, polyurethane to shrug off minor knocks in service. Closely follows the contours of the bodywork to add style as well as protection.

Range Rover Protection Bar 4.0 and 4.6
STC8500AA $930.00

Discovery Protection Bar
STC8930AB $760.00

JACKALL

A rugged, powerful all purpose machine that can lift, pull, push or hoist up to 8,000 lbs. Excellent for off-road self recovery. 48" tall. High quality cast construction. NATO approved model.

1120 $84.50

JACKRACK

Universal 2 part carrying kit for mounting your JackAll in a variety of places in or outside your Land Rover.

1313 $24.50

*QUICK CLAMP & LIFT ATTACHMENT

This versatile accessory allows you to lift, spread or compress objects with your JackAll. Quick Clamp mounts in either direction at any height.

1323 $22.00

90/110 ADAPTER

Fits into factory, rubber plugged, jack receptacles located under your front bumper on 90 and 110 Land Rovers. This allows you a safe way to jack up your Land Rover especially when stuck or high centered off-road.

1390 $31.90

The JackAll is a must-have for off-roaders and adventurers. You can jack a Rover out of nearly any situation. You can push your Rover away from a tree and even straighten a bent track rod on your Land Rover. The use of a JackAll is only limited by your imagination.

FUEL AND WATER CANS

N.A.T.O. approved expedition fuel cans are superior to U.S. style fuel cans. These N.A.T.O. cans will not leak or give off fumes, even when stowed full on their side. Five (5) gallon capacity.

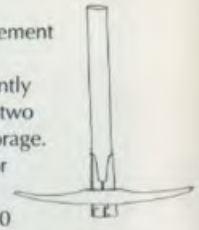
Fuel (steel container)	RTC8016	$48.00
Water (plastic container)	RTC8017	$36.00
Flexible Filler Spout For fueling your Land Rover	RTC7083	$28.50
Stowage Clip for Spout	*RTC7084*	*$10.25*

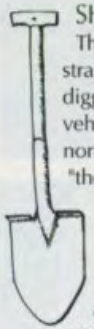
(Clips filler spout to fuel can when not in use)

PICK

This 3/4 size implement by Caldwells of England conveniently breaks down into two pieces for easy storage. Hickory handle for long life.

RTC9651 $95.00





SHOVEL

This off-road shovel with its straight profile is designed for digging under stuck vehicles, out performing normal shovels. Boasted as "the best in the world" this solid hickory handled recovery tool by Caldwells of England is the first choice among expeditioners.

RTC9650 $69.00

What recovery gear do I need besides a winch?

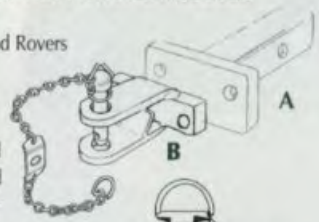
A tree strap, shackle, snatch block, tow points and gloves are the bare essentials you should have for vehicle recovery.

You should practice using the gear in a controlled area and read the instructions that come with the equipment before you find yourself in a sticky situation.

RECOVERY TOW HITCH AND RECEIVER ADAPTER FOR ALL MODELS

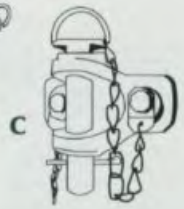
(A) **Receiver Adapter** allows recovery and tow hitches to be mounted into Land Rover's Class III rear receiver and Rovers North's Class III front receiver.

Receiver Adapter RNA082 $45.00



(B) **Recovery Tow Hitch** can be front or rear mounted and is deep enough to tow Ag implements, or remove pin and fit any size ball for trailer towing. Special mounting hardware included.

Recovery Tow Hitch 90518674 $62.50



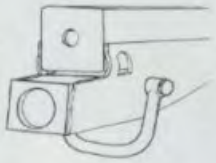
(C) **Recovery Hitch** can be front or rear mounted to handle snatch strap, chain or winch cable as used on the Camel Trophy. Special mounting hardware included.

Recovery Hitch TJA3500 $89.50

MILITARY RECOVERY LOOPS - 90, 110

Heavy duty galvanized recovery loops as fitted front and rear on military 90 and 110 Land Rovers. Replaces shipping eyes located on chassis. Special mounting hardware included. *(Will not fit rear of Defender 90's)*

Military Recovery Loops RNK0211 $55.00 each



ROVERS NORTH
Phone (802) 879-0032 • Fax (802) 879-9152 • E-mail - rovers@together.net • Internet - http://www.roversnorth.com

TREE STRAP

The tree strap will allow you to use a tree as a winch anchor point without harming the tree. Using a cable or chain around a tree will injure and possibly kill the tree.

2531 $47.50

KINETIC RECOVERY ROPE

An extremely effective recovery tool that allows you to use vehicle momentum without the sudden shock you would experience from using a chain. Requires securely fastened recovery hitches for safe use.

KRR001 $140.00

LAND ROVER GLOVES

Heavy Duty Land Rover leather and canvas gloves. Ideal for handling winch cable and tow chains. A smart addition to your emergency tool kit.

RTC9496 $6.00

3/4" "D" SHACKLE

Excellent accessory for winching and vehicle recovery. Useful for attaching a tree strap to winch cable.

RNP0120 $15.00

RECOVERY RING

Excellent accessory for winching and vehicle recovery.

Dimensions are $4^{1/2"} \times 6^{5/8"}$

RNA1000 $25.50

PERFORATED ALUMINUM PLATFORMS

New floatation mats help keep your vehicle moving over soft ground - similar in style to military surplus landing mats. Made from heavy gauge aluminum, yet only weigh 14 lbs. each. Warning: not intended to support weight of vehicle as a bridge.

RNP1004

$295.00

THE BEST IN VEHICLE PROTECTION PLATES

Made from heavy duty 10mm aluminum alloy and galvanized steel to be strong yet lightweight. Designed to protect your steering and front axle housing from off-road hazards.

Defender	RNA4113	$525.00
Range Rover & Discovery	RNA4111	$525.00

EUROPEAN STYLE DEFENDER SIDE STEP KIT

Easy entry and exit from your Defender.

Includes side step bracket and all hardware.
RNK0121
$115.00

DISCOVERY LOW PROFILE BUMPER END CAPS

New

Have you ever hesitated taking your Discovery off road for fear of damaging your front spoiler? Removing the spoiler means doing without the bumper end caps. This kit contains 2 low profile end caps as used on Camel Trophy & Special Vehicles. You can remove the front spoiler and auxiliary lamps, while replacing the bumper end caps. End caps match original, with provision for side marker lamp without the lower skirting to give you improved clearance.
RNK8672 $175.00

ROVERS NORTH DIFFERENTIAL GUARD

Essential protection for off-road use. Steel guard clamps to the front or rear axle housing and protects the front differential from the most common off-road hazards. Made for Range Rover, Discovery & Defender. *(Does not work on rear differential of Defenders)*
DIFF01 $145.00

Final touches are being made to a Rovers North stainless steel roof rack.

Custom fabrication requirements are easily handled within our specialist workshop facility.

Constant accessory development and testing allows us to accurately advise you on how different accessories will perform for your intended use.

Much More Than Accessories

Series I-III Authorized Land Rover Genuine Parts Distributor for North America

In our 18 years of supplying parts to Land Rover enthusiast around the world we have realized that the cheapest parts are not necessarily the least expensive.

We believe in Genuine parts because that is what makes a Land Rover a Land Rover and gives it the longevity and durability it is famous for. The parts contained in this center insert are Genuine Land Rover Parts. This is only a small portion of the parts that we supply. We can supply you with everything from tie rods to electric window switches. *These Parts are not to be confused with what some companies call "high quality, original, authentic or O.E.M. parts."* If a part is not packaged or identified as a Genuine Land Rover Part when you purchase it, then it is not a Genuine Land Rover Part and does not meet Land Rover's stringent quality standards. Land Rover Genuine Parts are under constant development to improve performance and durability, bringing you the latest technology in parts for your Land Rover. This means that, not only will a Genuine Part fit correctly, it will last the longest and in most cases last longer than the part it replaces. So, if you want to improve your Land Rover rather than just simply fix it, insist on only Genuine Land Rover Parts. Nothing fits like them, lasts like them, or is guaranteed like them.

LAND ROVER GENUINE PARTS

Where and how can I have parts and accessories put on my vehicle?

We have found that people would like to have many of the parts and accessories that we offer. However, they are not aware of good shops in their area that can perform quality work on their Land Rover. Or, you may want to do some work on your own vehicle but are not quite sure where to start.

After nearly 20 years in the business we have established good working relationships with many service shops around the country. If you would like to find out about these shops please give us a call and we will let you know what your best options are and who we recommend.

For the do-it-yourselfers we also offer unsurpassed technical advice to get you on your way to doing your own maintenance and accessory add-ons. Our phone staff, all of which own and work on Land Rovers, are by far your best bet to get all of your Land Rover questions answered.

Gordon Kallio with his 1992 Range Rover in Baja, California

I've always been impressed by the amazing technical knowledge of the Rovers North staff. Again and again they have come up with creative solutions to parts problems that I wouldn't have thought of in a thousand years! When you consider that I own a Series III Land Rover, a Range Rover and a Discovery, this is truly an amazing capability.

Gordon Kallio - Boise, Idaho

RAISED AIR INTAKE

Provides additional intake filtration to insure clean air delivery to your engine when operating in extremely dusty conditions. Especially designed for EFI V8 90 and 110 US models. Easy bolt-on installation includes hardware and instructions.

Defender	RNA1002	$425.00
Discovery	RNA1003	$425.00

Important Note: EFI V8's are unsuitable for deep water conditions. Fitting a raised air intake does not make your EFI V8 suitable for deepwater conditions.

SILL PROTECTORS - Defender 90 (shown above)

Replaces the vulnerable aluminum sill panels of your Defender 90 with heavy boxed steel sill panels. Protectors bolt to chassis and can be painted to match body color to give you discreet but serious protection for very rocky conditions.

RNA1001 $395.00

WING TOP PROTECTOR Defender 90/110

Thick aluminum diamond plated treads mount securely to your Rover's wing top. This protector provides a rugged surface that is safe to stand on. Kit includes: aluminum thread plates, foam padding, hardware and easy to follow instructions. Left hand thread has cut-out for factory installed aerial. *(shown with optional black painted finish).*

STC7693 $235.00

Hella 4000 *74807*

Hella 550 *HFL181*

RALLYE 4000 - NEW

The Rallye 4000 represents a new thinking in auxiliary lamp design. Features include die-cast metal housing, innovative mounting system, powder coated finish, weatherproof electrical connectors and large knurled adjustment knobs that allow quick and easy aiming without tools. Diameter: 8$^{1/4"}$ Depth 5"

Rallye 4000 Fog Lamp	74805	$175.00
Rallye 4000 Euro Driving	74807	$175.00
Rallye 4000 Pencil Beam	74808	$175.00
Wiring Harness	87202	$ 59.00
Grilles	79387	$ 35.00

RALLYE 3000 (shown on brush bar RTC9582 page 7)

For bumper or brush bar mounting. Diameter: 8$^{11/16"}$ Depth: 4$^{7/8"}$

100w Driving Beam	77611 each	$135.00
100w Wide Angle off-road	77621 each	$135.00
55 w Fog Lamp	77605 each	$135.00
Protective Mesh Grill	77625 pair	$ 32.00
Wiring Harness	87199	$ 39.00

VISION PLUS HEADLAMP CONVERSION

FOR LAND ROVERS, DEFENDERS & CLASSIC RANGE ROVERS

Hella's high performance halogen headlamps are frequently fitted to race and rally vehicles because of their incredibly bright, precisely focused beams. Replaceable bulb. 50 state legal.

60 watt high beam / 55 watt low beam

Hella Vision Plus	70477 each	$48.50

550 LAMPS

An ideal replacement for the Range Rover's spoiler lights.

H: 4 11/16" W: 7 11/16" D: 3 1/4" (Includes lamp covers)

55 w Fog Lamp	HFL181 pair	$98.50
55 w Driving Lamp	HDL181 pair	$98.50

SWIVEL WORK LAMP

A rugged lamp approved for tough working conditions by Land Rover. Swivel ball mounting allows 360° beam adjustment. Features a 55 watt halogen bulb assembled in a shatterproof and waterproof case with integral waterproof switch. Supplied complete with lamp guard and bracket which can be mounted in a variety of places on any Land Rover model.

RTC8921 $80.00

REAR FLOOD LAMP KIT

DEFENDER 90 ALL MODELS

Hella dual beam 110w halogen flood lamp, mounts to a black finish stainless steel lamp bracket. Fits neatly behind plate lamp using existing hardware. Kit includes lamp, bracket, dash switch, harness, all hardware and instructions. No drilling of body work required.

DLM113K $199.00

Rear Hella Flood Lamp Mount

Used to fit a work lamp above the license plate lamp.

DLM113 $39.50

"Tread Lightly" & Rovers North

CHARTER TREAD LIGHTLY! ON PUBLIC AND PRIVATE LAND MEMBER

The "Off-Road Warrior" image, as so often promoted in advertisements by vehicle manufacturers, is simply dangerous and destructive. Not only does this display immense ignorance to responsible travel through wilderness areas but serves to encourage a type of destructive driving behavior that is threatening to block wilderness access to thousands of responsible overland travelers.

You can make a difference. Let others know you take your overland travel seriously and demonstrate a responsible approach to off-road driving. Along with your equipment, include a trash bag. Picking up a few empties after previous party wheelers can go a long way towards preserving a trail's access.

For more information on Tread Lightly; write to Tread Lightly Inc. 298 24th Street, Suite 325, Ogden, Utah 84401 and become a member.

For more information on driving, study your owners manual and practice before venturing out. Better yet, go to school; Rovers North Off-Road, 1319 Vt. Rt. 128 Westford, VT 05494 or Land Rover Driving School, Rt. 7 Manchester Village, VT 05254

ROVERS NORTH
Phone (802) 879-0032 • Fax (802) 879-9152 • E-mail - rovers@together.net • Internet - http://www.roversnorth.com

I HAVE KNOWN MANY MEMBERS OF THE TEAM AT ROVERS NORTH FOR ALMOST TWENTY YEARS NOW. IN THAT TIME I HAVE COLLECTED A GREAT SAMPLING OF LAND ROVERS. ROVERS NORTH'S TECHNICAL KNOWLEDGE OF THESE OFF-ROAD WONDERS IS UNSURPASSED — REGARDLESS OF WHAT LAND ROVER VEHICLE YOU OWN. THE LEVEL OF COMMITMENT AND GENUINE ENTHUSIASM IS EVIDENT IN EVERY PHONE CALL, EVERY CORRESPONDENCE AND EVERY EVENT THEY HOST OR ATTEND.

WHAT A DIFFERENCE IT MAKES WHEN YOUR NEEDS ARE MET BY SUCH ENTHUSIASTS!

ARB Air Locker in use, increasing off-road ability in a boulder field. 1995 Rovers North Off-Road Baja expedition.

ARB AIR LOCKING DIFFERENTIAL

Allows you to instantly lock up axle differentials to provide equal drive to both wheels regardless of traction, with the touch of a button. This is the most effective traction device you can add to your Land Rover. Designed to withstand the punishment of hard off-road use, with no compromises in highway performance. Air compressor kit will operate one or two lockers as well as function as an on-board compressor for inflating tires etc. Designed for Discovery, Range Rover Classic and Defender differentials.

RANGE ROVER - SWAY BAR SUSPENSION KIT

For pre-91' Range Rovers

Kit includes front and rear sway bars. Brackets and hardware, front and rear shock absorbers and rear coil springs. Complete kit transforms your early Range Rover suspension to the more refined ride of the later Range Rovers.

Pre-'91 Range Rovers	STC8046	$1,095.00

DRAMATIC HANDLING *(ON ROAD)* IMPROVEMENT GUARANTEED

To keep your Land Rover Product riding like new throughout its life we enthusiastically recommend Bilstein shock absorbers.

BILSTEIN GAS PRESSURE SHOCK ABSORBER

Even on a brand new vehicle you will find a dramatic difference in handling when you upgrade to Bilstein shocks.

These dual action gas pressurized shocks and steering stabilizer will make a dramatic improvement in the handling control and comfort of your Land Rover product (or your money back). There is a lifetime warranty against manufacturer's defects.

Coil Sprung Range Rover, Discovery, Defender, 90 and 110 (set of 4)		
Front and Rear Set (4)	RNA243/4	$299.00
Set of 4 + Steering Stabilizer for Range Rover & Discovery	RNA243/5	$375.00

Set of four (4)	RNA2152/3	$385.00
Range Rover 4.0 & 4.6 SE		
Set of four (4)	RNA2214/5	$395.00

HEAVY DUTY EXPEDITION *(OFF-ROAD)* SUSPENSION PACKAGE

OLD MAN EMU

Australia, where there is probably more rough road per capita than anywhere else in the world, is where the Old Man Emu suspension system was developed and proven. Kits come with Old Man Emu nitrogen gas shock absorbers and a choice of medium or heavy duty coil springs. They offer a firmer ride than standard springs, with the heavy duty springs offering 2" of extra body clearance.

Four (4) OME Coil Springs & Four (4) OME Shocks $498.00

Steering Stabilizer - Nitrogen Gas Stabilizer by Old Man Emu		
Range Rover / Discovery	OMESD11	$60.00
Defender	OMESD32	$60.00

Nitrogen Gas Shock Kit - Front and Rear Shocks with Bushings by Old Man Emu		
Range Rover	OMESKIT	$299.00
Discovery	OMESKIT	$299.00
Defender	OMESKIT	$299.00

HEAVY DUTY ROAD SPRINGS BY LAND ROVER

LAND ROVER GENUINE PARTS

When traveling overland with a loaded vehicle, upgrading your suspension is essential. Our choice for durability is Land Rover's heavy duty springs. They will add approximately 1 1/2" of extra body clearance to your Land Rover and greatly improve stability when negotiating poor roads. Sets include both front and rear road springs. We like to run them with either Bilsteins or Old Man Emu gas shocks for unmatched performance.

Defender 90	RNK5101	$324.00
Defender 110	RNK5102	$260.00
Discovery	RNK5103	$319.00
100" Classic Range Rover	RNK5104	$319.00

BREAKTHROUGH IN SUSPENSION COMFORT

It used to be if you wanted the superior durability of polyurethane suspension bushings you had to endure the firmer ride they offered. All that has changed, thanks to a breakthrough by Iron Man 4x4 Suspension of Australia. Now available in a complete kit, that replaces 100% of your Land Rover's suspensions bushings, is a remarkable polyurethane suspension material called **soft-poly**. For the first time in North America, owners can experience suspension bushings with the ride quality of Land Rovers rubber bushings, with five times the life expectancy. Iron Man Soft-Poly Bushes will most likely be the last bushings you will ever need in your Land Rover, giving it years and years of a like new ride.

IRONMAN 4 X 4 SUSPENSIONS

Complete Kit:

Defender 90, 110	ISP0002	$199.00
Discovery	ISP0003	$199.00
Range Rover up to 1993	ISP0005	$199.00

ULTIMATE PERFORMANCE PACKAGE
DAKAR 4.5 LITRE V8

Dakar by J E Motors

The history of the Dakar engine conversion goes back to the mid-eighties. JE Engineering, builder of the Dakar engine, had committed to doing research and development on the Rover V8 engine.

JE was approached to build a group of race engines for the Land Rover factory team of Paris-Dakar Rally Range Rovers. To be competitive these engines had to be powerful and, most importantly, indestructible.

After their racing successes JE approached the road market by offering a version of their race engine for street use in Range Rovers. JE combines the precision engineering of a hand built engine with the reliability desired for everyday driving.

- More Power & Torque
- Easy Bolt-In Replacement
- Improved Towing Performance
- Quicker Acceleration
- Smooth & Quiet
- Rally Proven Reliability
- Emission Legal In 49 States

JE's belief that the proper way to increase power and torque, while not sacrificing reliability, was to increase the cubic inch displacement, along with advanced engineering and engine building and balancing skills. Most importantly however is that the design continues to improve all of the great characteristics of the original engine: reliability, smoothness and longevity, while delivering a very noticeable increase in power and torque.

THE DAKAR 4.5 LITRE V8

Bolt-in shortblock replacement consisting of engine block, timing components, camshaft, crankshaft, connecting rods, pistons, main and big end bearings, new engine control unit chip. Fully assembled and sold with our 12 month unlimited mileage guarantee.

ETC7801JE $6,800.00

ENGINE BLOCK HEATER V8

Ensure easy starting on even the coldest winter mornings. Saves wear and tear on your engine.

PRC9674 $35.50

USE AMSOIL PRODUCTS TO EXTEND YOUR LAND ROVER'S MECHANICAL LIFE

AMSOIL

Amsoil 100% synthetic oils are formulated to last 3 to 5 times longer between changes than conventional oils. In addition to this superior lasting power, Amsoil benefits include better performance at all temperatures, improved mileage, less deposits formed in engine and extended engine life. Amsoil products are well worth the initial cost as they prove more economical than conventional products in the long run.

Amsoil 10w40 Motor Oil	
AMO01	$ 6.50/qt
Amsoil 75w90 Gear Lube	
AGR01	$ 9.50/qt
AGR04	$36.00/gal
Amsoil Automatic Transmission Fluid	
ATF	$10.25/qt

No hype, this stuff really works! Try it and you will never go back - none of us have.

Our Land Rovers Brought Us To The Top Of Mt. Washington... Where Will Your Land Rover Bring You?

February 1st, 1994, in 38" of snow and with temperatures of -65° F, Rovers North's Off-Road Team accomplished what was thought to be impossible. Progressing upward at only one mile per hour, Rovers North accomplished the first ever winter accent by wheeled vehicles of New Hampshire's notorious Mt. Washington.
